WELCOME TO THE BLACK WEDDING MARKET

Black wedding vendors are often overlooked in Houston's wedding market. The Black Wedding Market was developed to link Black-owned businesses with the people who want to help them the most.

It's vital that Black couples planning a wedding are able to communicate with vendors who look like them and can relate to their unique wedding needs. The Black Wedding Market aspires to be a safe haven for all Black couples planning weddings; it is a place where everyone is welcome.
